

SKY CLIMBER®

NEW and IMPROVED design

COMPACT ELECTRIC HOISTS

The **new gearbox roller** design on our Compact Hoists makes them gentler on wire rope.

FEATURES

- New and Improved gearbox is easier to maintain and extends the life of wire rope
- Fits through a small (18") opening for hard to reach places
- All Compact models operate on 5/16" (8.0 to 8.4mm) wire rope
- Hoist control or plug-in pendant ready

COMPONENTS

- Power indicator light shows power status and emergency stop status
- Includes required Sky Lock III
- Uses planetary gear system, the industry's most efficient gearbox
- Two handles on all hoists for easy loading and maintenance
- Gear box is interchangeable with air or electric motors

OPTIONS

- Optional hour meter
- Available with wireless remote control
- Pendants sold separately, available in 6 ft - 250 ft lengths
- 3 Phase or Single Phase available

Upgrade Kits available

Want to upgrade your existing compact hoists? Upgrade Kits are available. Contact your Sky Climber dealer for details.
